Government Pavillion Stage (Govt Panel)
Ask NGA counterparts, or Justin directly (via Cheryl) what the ~10 issues are with industry.

- It was suggested we work with Rick Myllenbeck to connect companies with users.

Ask industry what the ~10 issues are with NGA – however, we’ve beat this dead horse too many times. (Justin is tired of hearing it)

Justin then added, “What do we have to do to solve them?”

- It was added, “What does success look like?” Success doesn’t mean “how.”

Plan for cross table exchange in early June. Where we actually do the cross table discussion on product management, etc. and discuss the IPO.

Need to clarify exact topic for Reverse Industry Day (RID)

- Several interpretations are in play
Way forward…

- For each topic
  - Identify Leader(s) & Members
  - Forming teams in May

- Action Team
  - Refine topic focus
  - Describe Terms of Reference
  - Develop Work Plan/Schedule
