Jared Shoultz, M.A. is the Esri Health and Human Services Technical Lead drawing on over 20 years’ experience. Prior to Esri, he was a Senior GIS Research Associate at the University of South Carolina Institute for Families in Society. He also spent 12 years at the South Carolina Department of Health and Environmental Control as a Deputy Director, Informatics Director and GIS Manager. His professional focus has been on the development, operation and GIS integration of enterprise public health and environmental information systems. He is part of the core Esri COVID-19 Response Team and has been working with public and private sector organizations at every level around the world to both respond and recover from the current pandemic.
