TRAJECTORY ON LOCATION

Interview with Industry Experts

An Interview with Industry Experts is a 3-4 minute video with your company executive in our interview set on-site at the GEOINT Symposium. Our Trajectory on Location host will engage your company executive on camera in a casual conversation, discussing topics that you want to highlight. Our team will work with you to generate [3-5] questions in the weeks leading up to the interview...no surprises here, we want to cover what you want to talk about. Following the videotaping, we’ll edit together the footage into a completed segment. Finished segments will be posted to a dedicated area within trajectorymagazine.com. And we’ll share a separate embed link with you in case you’d like to share the segment with your constituents through social media, your website, etc. This is a great opportunity to put that media training to work and to share your messaging with a larger audience.

Booth Tour

A Booth Tour is a 3-4 minute video highlighting the products and solutions showcased at your booth. Our video team will meet at your booth for one hour of video production. We’ll quickly work to understand what you want to share, then we’ll get to work. Our Trajectory on Location host will engage your SME on camera in a walk-through tour of your booth. Following the videotaping, we’ll edit together the footage into a completed segment. Finished segments will be posted to a dedicated area within trajectorymagazine.com. And we’ll share a separate embed link with you in case you’d like to share the segment with your constituents through social media, your website, etc. You spent a lot on your booth...this is a great opportunity to share your hard work and investment with a larger audience.
